

Jeb Bush  
Governor

John O. Agwunobi, M.D., M.B.A.  
Secretary

July 24, 2003

Mr. John M. Wong  
Aquatic BioControl  
P.O. Box 45301  
Westlake, OH 44145

Dear Mr. Wong:

This letter is to acknowledge receipt of the information concerning the product "**TLC2000/ Septic Medic** biological additive" for statewide use in Florida. No product sold in the state for use in onsite sewage treatment and disposal systems may contain any substance in concentrations or amounts that would interfere with or prevent the successful operation of such system, or that would cause discharges from such systems to violate applicable water quality standards, section 381.0065(4)(m), Florida Statutes.

The staff has reviewed the information provided in the MSDS, 96-hr LC<sub>50</sub> toxicity test results, and laboratory results on volatile organic compounds for the product. The department has determined the product, **TLC2000/ Septic Medic**, to be in compliance with s. 381.0065(4)(m), F.S. and has no objection to the use of the product in accordance with manufacturer's specifications. Please be advised that all rules pertaining to the use of the products shall be observed and that there shall be no advertising of the products as state approved.

Be advised that the department is not a testing agency and that this determination reflects only a review of the information submitted by you for compliance with Florida Statutes and Florida Administrative Code. The product evaluation does not investigate the validity of performance claims by manufacturers. For this reason, departmental acceptance must not be interpreted as certifying effectiveness, endorsing or recommending use of an additive. The Florida Department of Health also does not assume liability for any promise, guarantee or expectation from purchasing or using an additive. The department reserves the right to withdraw acceptance if product formulation or ingredients are modified after product evaluation by the department or subsequently found not to be in compliance with rule.

This letter of product compliance is limited to Department of Health jurisdictional circumstances as defined in Chapter 64E-6, Florida Administrative Code and Chapter 381.0065, Florida Statutes.

If we may be of further assistance or should you have any additional questions regarding this letter, please call Dr. Sonia Cruz at (407) 317-7325.

Sincerely,

  
Gerald Briggs, Chief  
Onsite Sewage Programs

Division of Environmental Health, Bureau of Onsite Sewage Programs  
4052 Bald Cypress Way, Bin #A08, Tallahassee, Florida 32399-1713

**TLC 2000**

**ONE QUART**

# Septic Medic

*A dose today keeps your problems away!*

- ★ **REDUCES EXCESS PUMPING**
- ★ **UNCLOGS DRAIN FIELD**
- ★ **ELIMINATES FOUL ODORS**
- ★ **RESTORES EFFICIENCY IN SLUGGISH TANKS**

**Dosage Instructions.** Add 16 ounces (one half bottle) of Septic Medic directly to the commode, then flush. For problem systems, repeat dose weekly until the problem is solved. For maintenance, add one quart every 30 to 90 days, or as needed. Do not freeze. Store (with cap tightened) at room temperature (60 to 80 F). Do not store above 100 F for more than a couple of days. Also use in boat and RV waste tanks, portable toilets, and cesspools.

**CAUTION:** Contains live bacterial cultures. Do not ingest. Keep away from children and pets. Use only as directed in septic systems and waste tanks.

**To Reorder Septic Medic:**

**Alley Agway Inc. (845) 223-3131**
